

SELECT®

Residential Electric Water Heaters

Tall, Short and Lowboy models available.

Self-Cleaning Diffuser Dip Tube - Helps reduce lime and sediment buildup, maximizes hot water output. Made of State PEXAN™, a cross-linked PEX polymer that can withstand long-term exposure to water temperatures up to 400°F.

Aluminum Anode Rod - Helps protect against corrosion for longer tank life.

Durable, Tamper-Resistant Brass Drain Valve

Glasslined Tank - For long-lasting protection against corrosion.

CSA Certified and ASME Rated T&P Relief Valve - Factory installed, side-mounted most models. Top-mounted T&P available as option on select models.

Code Compliance - Meets the Federal Energy Efficiency Standards effective January 20, 2004, according to the National Appliance Energy Conservation Act (NAECA) of 1992. And also meets the standby loss requirements of the U.S. Department of Energy and Current Edition of ASHRAE/IESNA 90.1 and ICC and HUD Standards.

6-Year Limited Tank and Parts Warranty
